Customer shall ensure that its instructions comply with all laws, rules and regulations applicable in relation to the Personal Data, and that the Processing of Personal Data in accordance with Customer’s instructions will not cause AlienVault to be in breach of the Data Protection Laws. Customer is solely responsible for the accuracy, quality, and legality of (i) the Personal Data provided to AlienVault by or on behalf of Customer, (ii) the means by which Customer acquired any such Personal Data, and (iii) the instructions it provides to AlienVault regarding the Processing of such Personal Data. Customer shall not provide or make available to AlienVault any Personal Data in violation of the Agreement or otherwise inappropriate for the nature of the Services, and shall indemnify AlienVault from all claims and losses in connection therewith.

4.2 AlienVault shall Process Personal Data only (i) for the purposes set forth in the Agreement; (ii) in accordance with the terms and conditions set forth in this Addendum and any other documented instructions provided by Customer; and (iii) in compliance with the Directive, and, when effective, the GDPR. Customer hereby instructs AlienVault to Process Personal Data in accordance with the foregoing and as part of any Processing initiated by Customer in its use of the Services.

4.3 Following completion of the Services, at Customer’s choice, AlienVault shall return or delete the Personal Data, except as required to be retained by the laws of the European Union or European Union member states. By entering into the Standard Contractual Clauses as described in Section 8 (Transfers of Personal Data), the parties agree that the certification of deletion of Personal Data that is described in Clause 12(1) of the Standard Contractual Clauses shall be provided by AlienVault to Customer only upon Customer’s request.

5. Authorized Employees

5.1 AlienVault shall take commercially reasonable steps to ensure the reliability and appropriate training of any Authorized Employee.

5.2 AlienVault shall ensure that all Authorized Employees are made aware of the confidential nature of Personal Data and have executed confidentiality agreements that prevent them from disclosing or otherwise Processing, both during and after their engagement with AlienVault, any Personal Data except in accordance with their obligations in connection with the Services.

5.3 AlienVault shall take commercially reasonable steps to limit access to Personal Data to only Authorized Individuals.

6. Authorized Subcontractors

6.1 Customer acknowledges and agrees that AlienVault may (1) engage its affiliates and the Authorized Subcontractors listed in the List (as defined in Section 6.2) to this Addendum to access and Process Personal Data in connection with the Services; and (2) from time to time engage additional third parties for the purpose of providing the Services, including without limitation the Processing of Personal Data.

6.2 A list of AlienVault's current Authorized Subcontractors (the "List") is available at www.alienvault.com/legal/GDPR (such URL may be updated by AlienVault from time to time). 6.2.1 If Customer reasonably objects to an engagement in accordance with Section 6.2, AlienVault shall provide Customer with a written description of commercially reasonable alternative(s), if any, to such engagement, including without limitation modification to the Services. If AlienVault, in its sole discretion, cannot provide any such alternative(s), or if Customer does not agree to any such alternative(s) if provided, AlienVault may terminate this Addendum. Termination shall not relieve Customer of any fees owed to AlienVault under the Agreement.

6.2.2 If Customer does not object to the engagement of a third party in accordance with Section 6.2 within ten (10) days of notice by AlienVault, that third party will be deemed an Authorized Subcontractor for the purposes of this Addendum.

6.3 AlienVault shall ensure that all Authorized Subcontractors have executed confidentiality agreements that prevent them from disclosing or otherwise Processing, both during and after their engagement by AlienVault, any Personal Data except in accordance with their obligations in connection with the Services.

6.4 AlienVault shall, by way of contract or other legal act under European Union or European Union member state law (including without limitation approved codes of conduct and standard contractual clauses), ensure that every Authorized Subcontractor is subject to obligations regarding the Processing of Personal Data that are no less protective than those to which the AlienVault is subject under this Addendum.

6.5 AlienVault shall be liable to Customer for the acts and omissions of Authorized Subcontractors to the same extent that AlienVault would itself be liable under this Addendum had it conducted such acts or omissions.

6.6 By entering into the Standard Contractual Clauses as described in Section 8 (Transfers of Personal Data), (i) the above authorizations will constitute Customer's prior written consent to the subcontracting by AlienVault of the Processing of Personal Data if such consent is required under the Standard Contractual Clauses, and (ii) the parties agree that the copies of the agreements with Authorized Subcontractors that must be provided by AlienVault to Customer pursuant to Clause 5(j) of the Standard Contractual Clauses may have commercial information, or information unrelated to the Standard Contractual Clauses or their equivalent, removed by the AlienVault beforehand, and that such copies will be provided by the AlienVault only upon request by Customer.

8. Transfers of Personal Data

8.1 Any transfer of Personal Data made subject to this Addendum from member states of the European Union, Iceland, Liechtenstein, Norway, Switzerland, or the United Kingdom to any countries which do not ensure an adequate level of data protection within the meaning of the laws and regulations of these countries shall, to the extent such transfer is subject to such laws and regulations, be undertaken by AlienVault through one of the following mechanisms: (a) in accordance with the Swiss-U.S. and EU-U.S. Privacy Shield Framework and Principles issued by the U.S. Department of Commerce, both available at <https://www.privacyshield.gov/EU-US-Framework> (the "Privacy Shield Principles"); or (b) the Standard Contractual Clauses set forth in [Exhibit A](#) to this Addendum.

8.2 If transfers are made pursuant to 8.1(a), AlienVault self-certifies to, and complies with, the Swiss-U.S. and EU-U.S. Privacy Shield Frameworks, as administered by the U.S. Department of Commerce, and shall maintain such self-certification and compliance with respect to the Processing of Personal Data transferred from member states of the European Union, Iceland, Liechtenstein, Norway, or the United Kingdom (the "EEA") or Switzerland to any countries which do not ensure an adequate level of data protection within the meaning of the laws and regulations of the foregoing countries for the duration of the Agreement.

9. Rights of Data Subjects

9.1 AlienVault shall, to the extent permitted by law, promptly notify Customer upon receipt of a request by a Data Subject to exercise the Data Subject's right of: access, rectification, restriction of Processing, erasure, data portability, restriction or cessation of Processing, withdrawal of consent to Processing, and/or objection to being subject to Processing that constitutes automated decision-making (such requests individually and collectively "Data Subject Request(s)"). If AlienVault receives a Data Subject Request in relation to Customer's

Data, AlienVault will advise the Data Subject to submit their request to Customer and Customer will be responsible for responding to such request, including, where necessary, by using the functionality of the Services.

9.2 AlienVault shall, at the request of the Customer, and taking into account the nature of the Processing applicable to any Data Subject Request, apply appropriate technical and organizational measures to assist Customer in complying with Customer's obligation to respond to such Data Subject Request and/or in demonstrating such compliance, where possible, provided that (i) Customer is itself unable to respond without AlienVault's assistance, and (ii) AlienVault is able to do so in accordance with all applicable laws, rules, and regulations. Customer shall be responsible to the extent legally permitted for any costs and expenses arising from any such assistance by AlienVault.

10. Actions and Access Requests

10.1 AlienVault shall, taking into account the nature of the Processing and the information available to AlienVault, provide Customer with reasonable cooperation and assistance where necessary for Customer to comply with its obligations under the GDPR to conduct a data protection impact assessment and/or to demonstrate such compliance, provided that Customer does not otherwise have access to the relevant information. Customer shall be responsible to the extent legally permitted for any costs and expenses arising from any such assistance by AlienVault.

10.2 AlienVault shall, taking into account the nature of the Processing and the information available to AlienVault, provide Customer with reasonable cooperation and assistance with respect to Customer's cooperation and/or prior consultation with any Supervisory Authority, where necessary and where required by the GDPR. Customer shall be responsible to the extent legally permitted for any costs and expenses arising from any such assistance by AlienVault.

10.3 AlienVault shall maintain records sufficient to demonstrate its compliance with its obligations under this Addendum, and retain such records for a period of three (3) years after the termination of the Agreement. Customer shall, with reasonable notice to AlienVault, have the right to review, audit, and copy such records at AlienVault's offices during regular business hours.

10.4 Upon Customer's request, AlienVault shall, no more than once per calendar year, either (i) make available for Customer's review copies of certifications or reports demonstrating AlienVault's compliance with prevailing data security standards applicable to the Processing of Customer's Personal Data, or (ii) if the provision of reports or certifications pursuant to (i) is not reasonably sufficient under Data Protection Laws, allow Customer or its authorized representative, upon reasonable notice and at a mutually agreeable date and time, to conduct an audit or inspection of AlienVault's data security infrastructure and procedures that is sufficient to demonstrate AlienVault's compliance with its obligations under this Addendum, provided that Customer shall provide reasonable prior notice of any such request for an audit and such inspection shall not be unreasonably disruptive to AlienVault's business. Customer shall be responsible for the costs of any such audits or inspections, including without limitation a reimbursement to AlienVault for any time expended for on-site audits. By entering into the Standard Contractual Clauses as described in Section 8 (Transfers of Personal Data), the parties agree that the audits described in Clause 5(f) and Clause 12(2) of the Standard Contractual Clauses shall be carried out in accordance with this Section 10.4.

10.5 In the event of a Personal Data Breach, AlienVault shall, without undue delay, inform Customer of the Personal Data Breach and take such steps as AlienVault in its sole discretion deems necessary and reasonable to remediate such violation (to the extent that remediation is within AlienVault's reasonable control).

10.6 In the event of a Personal Data Breach, AlienVault shall, taking into account the nature of the Processing and the information available to AlienVault, provide Customer with reasonable cooperation and assistance necessary for Customer to comply with its obligations under the GDPR with respect to notifying (i) the relevant Supervisory Authority, and (ii) Data Subjects affected by such Personal Data Breach without undue delay.

10.7 The obligations described in Sections 10.5 and 10.6 shall not apply in the event that a Personal Data Breach results from the actions or omissions of Customer. AlienVault's obligation to report or respond to a Personal Data Breach under Sections 10.5 and 10.6 will not be construed as an acknowledgement by AlienVault of any fault or liability with respect to the Personal Data Breach.

Clause 2

Details of the transfer

The details of the transfer and in particular the special categories of personal data where applicable are specified in Appendix 1 which forms an integral part of the Clauses.

Clause 3

Third-party beneficiary clause

- 1. The data subject can enforce against the data exporter this Clause, Clause 4(b) to (i), Clause 5(a) to (e), and (g) to (j), Clause 6(1) and (2), Clause 7, Clause 8(2), and Clauses 9 to 12 as third-party beneficiary.

3. The data subject can enforce against the subprocessor this Clause, Clause 5(a) to (e) and (g), Clause 6, Clause 7, Clause 8(2), and Clauses 9 to 12, in cases where both the data exporter and the data importer have factually disappeared or ceased to exist in law or have become insolvent, unless any successor entity has assumed the entire legal obligations of the data exporter by contract or by operation of law as a result of which it takes on the rights and obligations of the data exporter, in which case the data subject can enforce them against such entity. Such third-party liability of the subprocessor shall be limited to its own processing operations under the Clauses.
4. The parties do not object to a data subject being represented by an association or other body if the data subject so expressly wishes and if permitted by national law.

Clause 4

Obligations of the data exporter

The data exporter agrees and warrants:

- (a) that the processing, including the transfer itself, of the personal data has been and will continue to be carried out in accordance with the relevant provisions of the applicable data protection law (and, where applicable, has been notified to the relevant authorities of the Member State where the data exporter is established) and does not violate the relevant provisions of that State;
- (b) that it has instructed and throughout the duration of the personal data processing services will instruct the data importer to process the personal data transferred only on the data exporter's behalf and in accordance with the applicable data protection law and the Clauses;
- (c) that the data importer will provide sufficient guarantees in respect of the technical and organisational security measures specified in Appendix 2 to this contract;
- (d) that after assessment of the requirements of the applicable data protection law, the security measures are appropriate to protect personal data against accidental or unlawful destruction or accidental loss, alteration, unauthorised disclosure or access, in particular where the processing involves the transmission of data over a network, and against all other unlawful forms of processing, and that these measures ensure a level of security appropriate to the risks presented by the processing and the nature of the data to be protected having regard to the state of the art and the cost of their implementation;
- (e) that it will ensure compliance with the security measures;
- (f) that, if the transfer involves special categories of data, the data subject has been informed or will be informed before, or as soon as possible after, the transfer that its data could be transmitted to a third country not providing adequate protection within the meaning of Directive 95/46/EC;
- (g) to forward any notification received from the data importer or any subprocessor pursuant to Clause 5(b) and Clause 8(3) to the data protection supervisory authority if the data exporter decides to continue the transfer or to lift the suspension;
- (h) to make available to the data subjects upon request a copy of the Clauses, with the exception of Appendix 2, and a summary description of the security measures, as well as a copy of any contract for subprocessing services which has to be made in accordance with the Clauses, unless the Clauses or the contract contain commercial information, in which case it may remove such commercial information;
- (i) that, in the event of subprocessing, the processing activity is carried out in accordance with Clause 11 by a subprocessor providing at least the same level of protection for the personal data and the rights of data subject as the data importer under the Clauses; and
- (j) that it will ensure compliance with Clause 4(a) to (i).

Clause 5

Obligations of the data importer

The data importer agrees and warrants:

- (a) to process the personal data only on behalf of the data exporter and in compliance with its instructions and the Clauses; if it cannot provide such compliance for whatever reasons, it agrees to inform promptly the data exporter of its inability to comply, in which case the data exporter is entitled to suspend the transfer of data and/or terminate the contract;
- (b) that it has no reason to believe that the legislation applicable to it prevents it from fulfilling the instructions received from the data exporter and its obligations under the contract and that in the event of a change in this legislation which is likely to have a substantial adverse effect on the warranties and obligations provided by the Clauses, it will promptly notify the change to the data exporter as soon as it is aware, in which case the data exporter is entitled to suspend the transfer of data and/or terminate the contract;

- (c) that it has implemented the technical and organisational security measures specified in Appendix 2 before processing the personal data transferred;
- (d) that it will promptly notify the data exporter about:
 - (i) any legally binding request for disclosure of the personal data by a law enforcement authority unless otherwise prohibited, such as a prohibition under criminal law to preserve the confidentiality of a law enforcement investigation,
 - (ii) any accidental or unauthorised access, and
 - (iii) any request received directly from the data subjects without responding to that request, unless it has been otherwise authorised to do so;
- (e) to deal promptly and properly with all inquiries from the data exporter relating to its processing of the personal data subject to the transfer and to abide by the advice of the supervisory authority with regard to the processing of the data transferred;
- (f) at the request of the data exporter to submit its data processing facilities for audit of the processing activities covered by the Clauses which shall be carried out by the data exporter or an inspection body composed of independent members and in possession of the required professional qualifications bound by a duty of confidentiality, selected by the data exporter, where applicable, in agreement with the supervisory authority;
- (g) to make available to the data subject upon request a copy of the Clauses, or any existing contract for subprocessing, unless the Clauses or contract contain commercial information, in which case it may remove such commercial information, with the exception of Appendix 2 which shall be replaced by a summary description of the security measures in those cases where the data subject is unable to obtain a copy from the data exporter;
- (h) that, in the event of subprocessing, it has previously informed the data exporter and obtained its prior written consent;
- (i) that the processing services by the subprocessor will be carried out in accordance with Clause 11;
- (j) to send promptly a copy of any subprocessor agreement it concludes under the Clauses to the data exporter.

Clause 6

Liability

1. The parties agree that any data subject, who has suffered damage as a result of any breach of the obligations referred to in Clause 3 or in Clause 11 by any party or subprocessor is entitled to receive compensation from the data exporter for the damage suffered.
2. If a data subject is not able to bring a claim for compensation in accordance with paragraph 1 against the data exporter, arising out of a breach by the data importer or his subprocessor of any of their obligations referred to in Clause 3 or in Clause 11, because the data exporter has factually disappeared or ceased to exist in law or has become insolvent, the data importer agrees that the data subject may issue a claim against the data importer as if it were the data exporter, unless any successor entity has assumed the entire legal obligations of the data exporter by contract or by operation of law, in which case the data subject can enforce its rights against such entity.

The data importer may not rely on a breach by a subprocessor of its obligations in order to avoid its own liabilities.

3. If a data subject is not able to bring a claim against the data exporter or the data importer referred to in paragraphs 1 and 2, arising out of a breach by the subprocessor of any of their obligations referred to in Clause 3 or in Clause 11 because both the data exporter and the data importer have factually disappeared or ceased to exist in law or have become insolvent, the subprocessor agrees that the data subject may issue a claim against the data subprocessor with regard to its own processing operations under the Clauses as if it were the data exporter or the data importer, unless any successor entity has assumed the entire legal obligations of the data exporter or data importer by contract or by operation of law, in which case the data subject can enforce its rights against such entity. The liability of the subprocessor shall be limited to its own processing operations under the Clauses.

Clause 7

Mediation and jurisdiction

1. The data importer agrees that if the data subject invokes against it third-party beneficiary rights and/or claims compensation for damages under the Clauses, the data importer will accept the decision of the data subject:
 - (a) to refer the dispute to mediation, by an independent person or, where applicable, by the supervisory authority;
 - (b) to refer the dispute to the courts in the Member State in which the data exporter is established.
2. The parties agree that the choice made by the data subject will not prejudice its substantive or procedural rights to seek remedies in accordance with other provisions of national or international law.

Clause 8

Cooperation with supervisory authorities

1. The data exporter agrees to deposit a copy of this contract with the supervisory authority if it so requests or if such deposit is required under the applicable data protection law.
2. The parties agree that the supervisory authority has the right to conduct an audit of the data importer, and of any subprocessor, which has the same scope and is subject to the same conditions as would apply to an audit of the data exporter under the applicable data protection law.
3. The data importer shall promptly inform the data exporter about the existence of legislation applicable to it or any subprocessor preventing the conduct of an audit of the data importer, or any subprocessor, pursuant to paragraph 2. In such a case the data exporter shall be entitled to take the measures foreseen in Clause 5 (b).

Clause 9

Governing Law

The Clauses shall be governed by the law of the Member State in which the data exporter is established.

Clause 10

Variation of the contract

The parties undertake not to vary or modify the Clauses. This does not preclude the parties from adding clauses on business related issues where required as long as they do not contradict the Clause.

Clause 11

Subprocessing

1. The data importer shall not subcontract any of its processing operations performed on behalf of the data exporter under the Clauses without the prior written consent of the data exporter. Where the data importer subcontracts its obligations under the Clauses, with the consent of the data exporter, it shall do so only by way of a written agreement with the subprocessor which imposes the same obligations on the subprocessor as are imposed on the data importer under the Clauses¹. Where the subprocessor fails to fulfil its data protection obligations under such written agreement the data importer shall remain fully liable to the data exporter for the performance of the subprocessor's obligations under such agreement.
2. The prior written contract between the data importer and the subprocessor shall also provide for a third-party beneficiary clause as laid down in Clause 3 for cases where the data subject is not able to bring the claim for compensation referred to in paragraph 1 of Clause 6 against the data exporter or the data importer because they have factually disappeared or have ceased to exist in law or have become insolvent and no successor entity has assumed the entire legal obligations of the data exporter or data importer by contract or by operation of law. Such third-party liability of the subprocessor shall be limited to its own processing operations under the Clauses.
3. The provisions relating to data protection aspects for subprocessing of the contract referred to in paragraph 1 shall be governed by the law of the Member State in which the data exporter is established.
4. The data exporter shall keep a list of subprocessing agreements concluded under the Clauses and notified by the data importer pursuant to Clause 5 (j), which shall be updated at least once a year. The list shall be available to the data exporter's data protection supervisory authority.

Clause 12

Obligation after the termination of personal data processing services

1. The parties agree that on the termination of the provision of data processing services, the data importer and the subprocessor shall, at the choice of the data exporter, return all the personal data transferred and the copies thereof to the data exporter or shall
-

destroy all the personal data and certify to the data exporter that it has done so, unless legislation imposed upon the data importer prevents it from returning or destroying all or part of the personal data transferred. In that case, the data importer warrants that it will guarantee the confidentiality of the personal data transferred and will not actively process the personal data transferred anymore.

2. The data importer and the subprocessor warrant that upon request of the data exporter and/or of the supervisory authority, it will submit its data processing facilities for an audit of the measures referred to in paragraph 1.
